ABOUT US

The Association of Indian Students in Aachen (AISA) was conceived in the year 2002 and was established with a primary aim to preserve and increase awareness of Indian heritage through the ideals of cultural, political and social awareness, and community service in Aachen.

Since then, AISA has grown into a large community and is well established as a student association under the RWTH and FH Universities in Aachen. AISA e.V. provides a platform with opportunities for Indian and International students and community to interact and share the joy of the rich and diverse Indian culture and heritage, and educate others by bringing awareness and understanding.

Our Vision is to bring the rich and diverse Indian culture together, promote growth in international understanding and fellowship, and inform the community of current issues through events, cultural & educational Programs such as Tech-Talks, Symposiums and Pitching Competitions.

Apart from cultural activities, AISA is also responsible for welfare activities such as helping new students in making a smooth transition in the city of Aachen. Our ventures like Home-Buddy have been well recognised by the community as well as by the University.

We represent an Indian Student Population of more than 1500 residing in Aachen at any given time and are the point of contact for the Consulate General of India, Frankfurt and the Indian Embassy, Berlin.

AISA has come a long way in being registered as a non-profit student association (gemeinnütziger eingetragener Verein) at the Amtsgericht in Aachen (VR 5810), and is hence officially called AISA e.V. With a Facebook page having more than 1500 likes and a Facebook community group with around 5000 members, we are growing well and strong.

We encourage you to reach out to and join us in celebrating diversity and understanding. Visit www.aisa.rwth-aachen.de or www.fb.com/aisaaachen for more information.
